

# Spine & Back Care

Recognized from Priority Health and Blue Cross Blue Shield distinction as a Spine Center of Excellence, our interdisciplinary team works continuously to improve patient care and outcomes. Here, we place a strong emphasis on medical management of back care and offer rapid surgical consults as needed, as well as collaborative care with on-site rehab specialists.

## Services

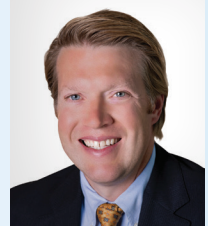

- Evaluation and treatment of degenerative spine conditions
- McKenzie-credentialed physical therapy staff specializing in mechanical diagnosis and treatment of spine pain
- Minimally invasive spine surgery
- Physiatry
- Trigger point and small joint injections
- On-site pain and spinal injections
- Timely CT, MRI and EMG
- Bone scan with CT SPECT

**For more information, or to schedule a consultation, please call us at 616.685.5050 or toll free at 877.702.5050.**
